**RS A Guide to the Schools in the Rother Valley**

**The Rother Valley Family**

The River Rother rises in Hampshire, flowing east through West Sussex to join the River Arun at Stopham. The Rother Valley schools are dotted along its course. This leaflet is designed to introduce you to the wide range of schools in the Rother Valley family. Open out the leaflet to see where we all are.

**Schools working together in the Rother Valley**

The Rother Valley schools work closely together and their headteachers meet regularly. Several pairs of schools have more formal partnership arrangements. Amberley CE School and St James' CE School in Coldwaltham are federated primary schools, sharing a headteacher and governing body. To the west, Graffham CE Infant School and Duncton CE Junior School also work as federated schools. Children aged 4-7 are taught at Graffham whilst the 7-11 year olds attend Duncton. The schools, three miles apart, also share a headteacher and governing body. Recently, Rake CE Primary and Rogate CE Primary School have begun to work in partnership, sharing a headteacher, SENCo and school business manager.

As well as working closely together, the Rother Valley schools have strong links with Midhurst Rother College (MRC), especially around transition, as the majority of Year 6 pupils move on to MRC for the next stage in their education.

**Midhurst Rother College**

We are proud to be part of the Rother Valley group of schools. Our values for the school community at MRC are **respect, happiness and achievement** and we seek to live these every day. We work very closely with primary schools in the locality and have great links for transition when children move from primary to secondary school.

**Church schools within the Rother Valley**

The twelve schools with CE in their titles are Church of England schools.
